

FOR SALE BY PRIVATE TREATY

On the instructions of a retained client due to a refocus of the business on core operations

Three Scherer Chiron production cells (2016; 2016/17; 2017) used in the manufacture of turbocharger bearing housings, each comprising:

Scherer VDZ100 DS/A5 Double Spindle Vertical Turning Centre, with Chiron DZ15 W Magnum HS Double Spindle Machining Centre, Fanuc Robot, Conveyor System, and Range of Tooling.

For sale as a package of three cells or as individual cells.

Any product related jigs or fixtures seen attached to the cells are not included in the sale.

All bids will be subject to 20% VAT.

This sale will be conducted strictly following the government guidelines surrounding the Covid 19 Pandemic and we will monitor guidance as it develops.
